

HM Government

LESS THAN 10 DAYS TO APPLY TO THE EU SETTLEMENT SCHEME

Applying for a child

Are you an EU, EEA or Swiss citizen? Do you have children?

If YES, your children must apply to the EU Settlement Scheme before 30 June 2021, even if born in the UK.

Applications for children are individual and separate from those of their parents.

Any EU, EEA or Swiss child who has not applied under the scheme by this deadline – and does not have an alternative legal status – may be considered unlawfully resident in the UK and may be prevented from attending nurseries or schools.

We can provide you with further information on the scheme and how to apply for your child.
