

25 January 2022

Dear all Parents & Carers

I hope this email finds you all safe and well

I would firstly like to thank you all for your continued support with your child attending school during what is difficult time for all schools and communities. It goes without saying that communities are battling with high infection rates, and everyday routines like getting students to school become more complex than they normally are. I would also like to publicly thank my staff who are currently going above and beyond to cover staff absent and deliver lessons for your child. I will be honest, there have been occasions over the past couple of weeks where we have contemplated closing year groups and move students to remote learning. However, due to the good will and efforts of CoPA staff, we have managed to deliver a normal day to day timetable for all students.

If I do have to consider sending students to remote learning due to Covid absence, I will of course do this with the best interests of everyone involved and with the aim of giving you as much notice as possible.

Some people have asked for clarity on the number of days that are now needed for self-isolation, as the re-testing has made things complex to understand. I am hopeful that the attached graphic will help you with this.

I have also attached some great opportunities from YDP and their half-term camps, if you are interested in your child attending over the February half-term holidays.

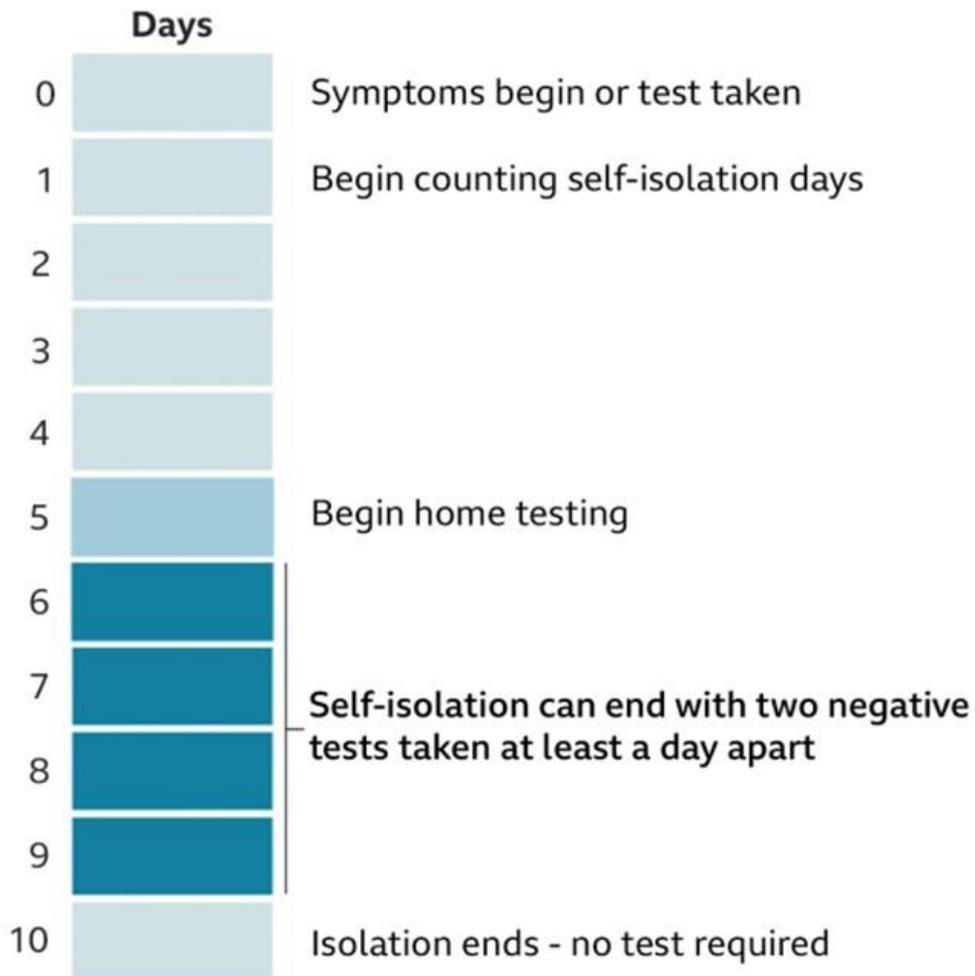

Finally, many thanks to all the parents & carers who have responded so far to our Spring Parent Voice. If you have not already done so, I would really appreciate your feedback on how you think the school is progressing. Once we have closed this survey, I will reply to all with a summary of any key findings from this survey.
